### ALARM ADDRESS

Name / Company Name

Primary Contact Name

Address

City, State, Zip

Premise or Primary Phone Number

Tasco Newsletter Emails — By placing an email address below you are signing up for our Monthly Newsletter and other related Marketing Materials.

I understand that Tasco Security must receive a completed Monitoring Information Sheet and a Responding Call List & Authorized Users Form at least 24 hours prior to the final installation of the alarm system. This information is critical in order for Tasco Security to test the alarm system for signal verification and for Tasco's Dispatch Center to respond accordingly. Therefore, the alarm system will not be activated until such time the Monitoring Information Sheet is received (*please allow 24 hours for input and validation*). If the Monitoring Information Sheet is not received prior to the final installation, there will be a \$95.00 service charge to send a technician to return and complete the system activation.

**ALARM RESPONSE:**

Please specify the order in which you would like Tasco’s Dispatch Center to respond by checking one box for each type of monitoring. For Low Temperature alarms and Other alarms (if applicable) please indicate the contact and their 24 hour service line so we may call on your behalf.

**INTRUSION**

**FIRE/ CO/ GAS**

**NOTE: Any manually activated panic alarm is automatically dispatched. There is no verification call.**

Customer agrees to the Agreements and Understandings printed on the Monitoring Information Sheet and acknowledges that they have read and understand them. Customer agrees that Tasco is not an insurer and that Tasco's liability is specifically limited by the Agreements and Understandings. This is not a binding agreement until it has been accepted by a Tasco Security Representative.

Customer is responsible for obtaining any necessary permits required by the State, Town, or Municipality in which alarm service is to be provided along with the payment of any associated fees.

Customer hereby acknowledges that they have read and understand the terms of the Monitoring Information Sheet.
