I understand that Tasco Security must receive a completed Monitoring Information Sheet Form at least 24 hours prior to the final installation of the alarm system. This information is critical in order for Tasco Security to test the alarm system for signal verification and for Tasco's Dispatch Center to respond accordingly. Therefore, the alarm system will not be activated until such time the Monitoring Information Sheet is received (please allow 24 hours for input and validation). If the Monitoring Information Sheet is not received prior to the final installation, there will be a \$95.00 service charge to send a technician to return and complete the system activation.

I hereby acknowledge that I have read and understand the terms of the Monitoring Information Sheet Release Form.
